**Subject:** Re: Old Village Hall -asbestos

Good Morning John,

I write to confirm that at a meeting of the Trustees of the Village Hall on Monday 12th July, 2021 it was unanimously agreed that the old Village Hall requires demolition, and furthermore to ask that the Parish Council be kind enough to undertake and fund a survey to establish the presence of any asbestos and the costs regarding its safe removal.

Kind regards

Roger Hayes

Minute secretary for the meeting.

**Subject:** Re: ASBESTOS REMOVAL

Dear John

Nice to speak to you earlier today.

We would be happy to attend the site and carry out a refurbishment or demolition asbestos survey for **£365 + VAT**. Once we have taken samples of any suspect materials, we will provide you with a report which will include any recommendations for removal. We can also quote for removal work once we have the results from the laboratory.

All samples are included in the price of the survey.

I look forward to hearing from you.

Kindest regards  
Amanda Kerrison

DSW Environmental Ltd Domellick Manor | St Dennis | St Austell | Cornwall | PL26 8BY
