

The Village Hall Committee would like to suggest the 6 meter flagpole with internal lanyard at a cost of £237.50. The committee have suggested that we pay a contribution of £100 towards the cost and are happy to facilitate the install. Is this something that could be added to the agenda and a decision made?

Secondly, please find attached the cost for asbestos removal from the old village hall. We request that this is also made an agenda item. We also request that the Parish Council consider assisting us . The Village Hall Committee are not in a position financially to pay the total cost of this, however we are able to contribute £1000.00 towards it.

I would be grateful if these two items could be added to your next agenda for discussion and possibly decision?

I look forward to hearing from you.

With all best wishes

Steph Holman
Village Hall Secretary
