Dear John,

6th June 2025

We hope this finds you well.

Here at the Liskerrett Arts and Community Centre, we are part of the team working on the Christmas parade for Nadelik Lyskerrys, Liskeard Lights Up.

Lights Up is a wonderful, inclusive and joyful opportunity to celebrate together as a community. This year's Lights Up will take place on Saturday November 29th 2025 and already we have a number of schools from the parishes around Liskeard who have asked to be involved this year.

As you may know, Trewidland Primary Schools in your parish always has a wonderful time taking part in the Lights Up parade. In preparation for the parade, the Liskerrett Centre organises lantern making workshops where local professional artists spend a day with the children, creating beautiful lanterns for them to carry in the parade.

We do our very best to raise funds for these events in order that we can include as many schools as possible from the local area in these workshops; while ensuring the school donations are as small as possible. Liskeard Town Council are the biggest contributors of funding for the day's event. However, there are considerable costs to be covered - to pay the artists and provide materials for the children to make lanterns.

We are reaching out to see if there is any way your Parish Council would be so kind as to consider providing us with a contribution of £200 so that every school who wants to be involved can benefit from one of the lantern-making workshops.

Many thanks and best wishes,

Sally
